

2023

ESCALADE-V

THE MOST POWERFUL FULL-SIZE SUV IN THE INDUSTRY*

*Based on a US study as of February, 2022

INTRO

SUPERCHARGED AND UNSTOPPABLE

The pulse-quickening and head-turning 2023 Escalade-V is the ultimate expression of the passion that exists at the core of Cadillac. Featuring race-inspired styling and an unmistakable sound of the supercharged V8 engine, the Escalade-V expands the Escalade lineup and offers more levels of performance without compromising on luxury. Never again will you have to choose between great luxury, innovative technology, or powerful performance. With the 2023 Escalade-V, you can have it all.

PERFORMANCE

POWER LIKE NEVER BEFORE

Heart-pounding power once reserved for the track is now available on daily drives, with the hand-built 6.2L Supercharged V8 engine. Equipped with the latest generation of Magnetic Ride Control, Air Ride Adaptive Suspension and V-Series specific software calibrations, you can harness the awesome force with exceptional handling and control.

EXTERIOR

FIERCE STYLING, FROM EVERY ANGLE

The 2023 Escalade-V builds on Escalade's bold design and elevates it with unique front and rear fascia with dark quad exhaust to emphasize the vehicle's performance character. It rolls like an Escalade should, on distinct 22-inch wheels, designed to accentuate the vehicle's bold lines and curves. Race-inspired details add the perfect touch: blazing Edge Red accents on the Brembo front brakes and rear brake calipers, Cadillac's signature Sport mesh grille, as well as the V-Series badge on the side doors, steering wheel and liftgate.

INTERIOR

LUXURY SUPERCHARGED

The technology-infused environment is the result of obsessive craftsmanship and painstakingly curated materials. The interior builds on Escalade's Platinum trim and is available in Black or Dark Auburn with luxurious Zebra Wood accents. The scorching red V-Series badge on the steering wheel adds an exhilarating touch and accentuates the thrilling character of the vehicle.

TECHNOLOGY

SOPHISTICATION IN HIGHER GEAR

Feel like a winner on every ride with 38 inches of total diagonal display that has twice the pixel density of a 4K TV. Tune out the throaty roar of the supercharged V8 engine with AKG Studio Reference 36-speaker audio system. Switch from high-luxury to high-performance with selectable V-Mode and driver customizable performance settings in a click of a button.

Due to global Semi-Conductor supply shortages, Cadillac vehicles may not have some standard features and options. Please check with your local Cadillac dealer to confirm the vehicle's specifications prior to purchase. Vehicles not equipped with Automatic Stop/Start will be less fuel efficient.

SAFETY

THRILLINGLY REASSURING

With great power comes Cadillac Smart Safety, which delivers peace of mind no matter your driving mode. The Escalade-V comes with a suite of proactive and predictive safety and driver assistance features as standard, such as Enhanced Automatic Emergency Braking, Lane Keep Assist with Lane Departure Warning, Front Park Assist, Rear Pedestrian Alert, HD Surround Vision and more.

Safety features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Read the Owner's Manual for more important safety information.
